

Valley Lutheran High School

Pre-Paid Tuition Program

Each year both the need for and cost of Christian education increases. Valley Lutheran High School provides students with an exemplary Christian education designed to prepare them to impact the world by nurturing faith, educating minds and cultivating leaders. To assist parents in their financial planning, Valley Lutheran High School offers a Pre-Paid Tuition Program giving families the opportunity to pre-pay future tuition at the current tuition rate.

For example: Your 9th grader is entering Valley Lutheran High School in the Fall. You may not only pay the tuition for her 9th grade year in advance, but you can also pay her tuition for as many of her four years as you would like at the current rate. Or . . .

A generous friend or relative may celebrate a child's birthday with a gift of tuition at Valley Lutheran purchased at the current rate although it may be several years before the child attends Valley Lutheran.

In the past, tuition has increased each year, although we do not know the future tuition trends.

Program Features

- The program is open to children of all ages.
- Tuition rates (Association, Non-Association LCMS, and Community) are based on the legal guardians' current eligibility as confirmed by his/her pastor or designee. (i.e. If the legal guardians currently belong to a congregation which is a member of the Valley Lutheran Association, they will receive the Association rate)
- Only pre-payments for full year tuition will be accepted. (i.e. No partial or monthly payments will be accepted for this program.)
- If the legal guardian is currently eligible for the Professional Church Workers Grant it will be applied to the tuition rate.
- Students with pre-paid tuition are not eligible for financial aid.
- Pre-paid tuition applies only to payment specifically identified as tuition; it does not include fees and other charges.
- Pre-payments for tuition at current rates must be made by July 31 and no pre-payments will be accepted between August 1 and December 31.
- Pre-paid tuition is only transferable within the child's immediate family. (i.e. brothers and sisters, including those legally adopted)
- If the pre-paid tuition is not used by the child or transferred to a sibling, then a \$500 administrative fee will be charged and the remaining original purchase price (no earnings) will be reimbursed to the original purchaser or his/her designee as identified in the agreement. The request for a refund must be made in writing.
- If the actual enrollment date for high school is different than the projected date listed when the tuition was pre-paid, there will be no change in the student's benefits.
